

# Branded Products

WINTER 2024-2025

**UK Made**

Product is manufactured in the UK from raw materials

**EU Made**

Product is manufactured in the EU from raw materials

**Sustainable Materials**

Product is manufactured from natural materials

**Recycled Materials**

Product is produced using premanufactured materials

**Recyclable**

Product can be recycled once used by the recipient.

**Water Saving**

Product saves water in production vs similar products

## What it is

A sustainable and measurable range of business gifts and promotional products that not only look good but also set a higher environmental standard. Recognising that every project has a carbon impact, we offer Gold Standard certified carbon credits, allowing you to go above and beyond to offset your project's footprint.

## Your Merch

Once you've selected your product, we provide a clear calculation of the carbon used and options go above and beyond.

For every tonne of carbon offset, we're also nurturing 2 square metres of UK habitat restoration!

For more information visit [www.carbonconsciouscollection.com](http://www.carbonconsciouscollection.com)

# Cosy up for the winter months

## ARMOND RPET LAPTOP BAG

Casually professional and organised, the Armond 15.6" laptop bag is made for the modern professional with an eye for value and the environment.

# Shipping? We'll sort it.

In today's fast-paced global economy, efficient logistics are the backbone of any successful business and we can take all the hassle out for you. With our management services specialising in both national and international shipping, we can get your products from A to B.

With our reputation built on reliability and innovation, we can simplify the complex world of supply chain management, ensuring goods reach their destination smoothly and on time.

We cater to a wide range of industries, ensuring that each client's unique needs are met with tailored solutions. Whether you're shipping within the UK or international, we can provide hands-on support every step of the way.

Just as many of our clients, we aim to provide the most environmentally friendly shipping solutions, meaning, we **hate** single use packaging! Therefore, we always aim to use something you can easily recycle.
